Hi Dave,

The slides mostly look fine to me.

Several of them could be elaborated slightly more, or more current progress updates, such as:

Slide 6: Groundwater: RI Bedrock approved, Geochemistry conditionally approved.

Slide 7: Groundwater: RI BGQA pending approval.

Slide 14, Process Area: HHRA nearing completion.

Slide 18, Evap Ponds: RI Phase I field work nearing completion.

Slide 22, Wabuska Drain: Phase I sampling completed, data to be submitted shortly.

Slide 26, Arimetco: Superfund funding process underway.

Slide 27: Arimetco: NDEP completed Draft 1 of Proposed Plan, EPA and BLM reviewing, comments due by 8/15.

None of these are critical if you think the general public doesn't need the more current updates.

See you tomorrow in Reno!

Thanks,  
Jeryl
